Automation Made Easy

# About Me

- Architect for SaveLocal.com from Constant Contact
- Email: [jerry@gulla.com](mailto:jerry@gulla.com)
- Twitter: @jerrygulla
- Github: [github.com/jgulla](https://github.com/jgulla)

# Ruby DSL for server scripting, automation and deployment

# Objective

- We'll cover the basics of Capistrano
- Demo centric - more interesting to see it in action

# Ruby

*A Programmer's Best Friend*

# Handy Testbed

Virtualized development made  
easy.

Create and configure lightweight, reproducible, and  
portable development environments.

# How About A Rails App?

- Commonly used to deploy Rails apps
- Relies on some version control (svn, git, etc.)

# How About A Java App

- Create a basic app, package as a WAR and deploy it

# Entropy

$$H(\mathbf{X}) = \sum_{i=1}^n p_i \log_2 \left( \frac{1}{p_i} \right)$$

# Chef

**Open Source Chef**

**Community built and supported**

Chef is Apache-licensed open source written by Opscode and our community of over 500 individual and 100 corporate contributors. Interested in making great software with us? Get involved today!
